Significant Activity for the month of April, 2024

“Skill Training Programme on small mushroom grower under RPL”

RASS – Krishi Vigyan Kendra, Tirupati has organized 3 days skill training programme on “Small Mushroom grower” under Recognition of Prior Learning (RPL) with the support of Agricultural Skill Council of India (ASCI), New Delhi during 24.04.2024 to 26.04.2024 at KVK premises.

During the inaugural session of the programme Dr. S.Sreenivasulu, Senior Scientist and Head, RASS – KVK, Tirupati, in his address he explained about mandate activities of KVK and activities of KVK towards farmers, rural youth and extension functionaries. He also explained about nutritional composition and importance of mushroom in human diet.

Dr.A.B.Srilatha, SMS, Home Science explained about different types of mushrooms, suitable conditions to establish mushroom production unit, precautions to be taken for growing healthy and quality mushrooms, spawn and bed preparation, harvesting, packing and marketing of mushrooms. During the two days of the training programme she gave hands on training on mushroom production.

Valedictory programme was conducted on 26.04.2024 after the assessment of the trainees by the assessors by conducting online examination and oral viva. Later participants were facilitated with certificates.
