Significant Activity for the month of October, 2023

“Training for PCOs on Safe and judicious use of Glyphosate”

RASS-Krishi Vigyan Kendra has organized 3 days “**Training programme for Pest Control Operators (PCOs) on Safe and judicious use of Glyphosate**” at KVK from 15.10.2023 to 17.10.2023. Dr.S. Sreenivasulu, Senior Scientist and Head, RASS-KVK and Dr.V.Divya, Subject Matter specialist, Crop Production were imparted the knowledge to the input dealers and Agriculture graduates about the effective weed management by using Glyphosate.

Earlier Dr. Sreenivasulu explained about the objectives of the training programme, activities of KVK towards farmers, Extension Functionaries and Rural youth. He also briefed about precautions to be followed while using weedicides as they are very selective in functioning.

Dr.V.Divya, SMS, Crop production and master trainer of the training programme explained about the safe and judicious use of Glyphosate, dosage, preparation of formulation, precautions to be followed while spraying etc.,. She also said that Glyphosate can be use at railway stations, airports and other non cropped areas as it kills all type of weeds and crop plants irrespective of selection. Certificates were distributed to the participants at valedictory of the training.

Dr.S.Sreenivasulu, Senior Scientist and Head, Dr.V.Divya, SMS, Crop Production, Sri Vijayachandra Reddy, Facilitator, DAESI programme and 50 trainees were attended the programme.
